

21st April, 2020

The council in its meeting dated 20th March, 2020 have reviewed the decision dated 21.02.2020 and decided that the foreign Medical Graduates who have completed Final professional MBBS Examination of the University and completed one year internship from parent college on or before June, 2019 are exempted from doing one year internship.

The council further decided that students, who have completed the Final professional MBBS Examination of the University on or after June, 2019 from any college/university outside India excluding Nepal are required to undergo one year internship from the Institutes recognized by Medical Council of India before getting the permanent registration essentially.

Registrar

Corrigendum : It is noted that the excluding Nepal is inadvertently written as Including Nepal in Para 2, line 3 of last note updated on website.
